## Cámara IP

### Cámara intemperie infrarrojos

#### 41IIF42

#### Características:

- Sistema Quad
- 1/4" color ful CMOS camera
- Captura de video en tiempo real
- Detección de movimiento
- Alarma externa, función entrada/salida
- Notificación de e-mail
- Soporta grabación de video en PC de manera remota
- Soporta WAN ( vía ADSL, MODEM o Router)  
Y LAN browse

#### Especificaciones

Modelo	41IIF42
<b>Image Compression Format</b>	M-JPEG standard
<b>Image Resolution</b>	VGA(640x480) / QVGA(320x240)
<b>Sensor</b>	1/4" CMOS, 300,000 Pixels
<b>Automatic Brightness Adjustment</b>	support ( Can be used outdoor )
<b>Alarm Mode</b>	motion detection/alarm and I/O alarm
<b>Video Display</b>	Microsoft Media Player
<b>Image Transfer Velocity</b>	30fps@VGA
<b>Image Display</b>	single / quad
<b>Lens</b>	6mm
<b>IR LEDs</b>	30 PCS 5mm IR LEDs
<b>IR distansce</b>	30 meter
<b>Minimum Illumination</b>	0LUX/With IR ON
<b>Waterproof</b>	IP66
<b>Video Format</b>	AVI
<b>Network Interface</b>	RJ-45 10-100 Base T
<b>Network Protocol</b>	TCP/IP, FTP,SMTP, HTTP, ICMP, PPPoE
<b>Monitor Mode</b>	IE browser
<b>Software Upgrade</b>	Automatic upgrade
<b>Security</b>	User management system, password protection, password setting: administer, monitor, scrutiny
<b>Working Condition</b>	-10°C ~ 50°C , 20% - 80%PH
<b>Power Adapter</b>	DC5V/1A 50/60Hz
<b>System Requirement</b>	CPU: 2.0GHz or above Memory: 256M or above Network Card: 10M or above Display Card: 64M or above Operating System: Windows2000 or Windows XP
